

Testimonials

Below are some testimonials we have received for our services and products.

“I brought a Golden Companion II 3 wheel scooter to you for repair. JC Mobility could not make the repairs before I had to leave for Florida, so they same days shipped the parts to me in Florida.” Merie “I just wanted to let you know that after we picked up the scooter on Saturday morning, we went shopping for the afternoon. We spend about 4 hours total and I never had one problem with scooter like before. The battery stayed fully charged and it never dipped as it had been. The brake piece was enough to fix it. I will continue to test it out to be sure it does not break down again. I want to thank you both for getting it fixed so quickly. I truly appreciate it.” Pris “I am so glad to find someone in medical supplies who is willing to work with me to get my mom back home. I cannot say a big enough thanks” Jan “You delivered me a power chair in September. You have given me something I have been looking for ‘Freedom’ to be able to do many different things. Thank You” David Hi Cliff;Thanks for your patience waiting for us today and for your help with that dandy walker we bought. I found your ad in the most recent issue of the newspaper published by the Southern Maine Agency on Aging. Cordially, Chris Mould Scarborough, ME
