

Dealing With Internet Companies

We are a service oriented business that is part of the Delivery Technician Certification Program. Providing delivery and set up of mobility products for different companies in the USA. Some of which is:

ASAP Medical
8790 Cyamacaē STE 3
Santee, Calif 92071
1-877-711-5901 Ph
1-619-497-0770 Ph
1-619-497-0101 Fax

The Mobility Shop
3334 Commercial St.
Northbrook, IL 60062
888-404-5554 Phone

We have decided to stop doing work for them being that they wont pay us for deliveries and set ups! We have tried to contact them with this problem to no avail. All we get is excuses and no answers! We wonder how many other service oriented businesses in the USA are not being paid? Better still how many of the customers are not being serviced in regards to service issues, warranty issues, service problems? We'll bet the customers that got there product from them are not happy either! If your thinking about dealing with them you have been fore warned. All it takes is one bad apple to spoil the bunch!
